Legislative Clinic Held At Courthouse Friday Afternoon

The Palm Beach County Legislative delegation composed of Senator Ralph Blank, Representative Jerry Thomas and Representative Emmett S. Roberts held a Legislative Clinic at the Glades sub-courthouse Friday afternoon Feb. 15, 1963.

Attended by only a dozen citizens the following local legislative was proposed:

1. By the Pahokee Drainage District represented by Attorney Tom Johnson, a bill to raise the maintenance tax on the district from \$4.00 to \$5.00 per acre.

2. By the City of South Bay represented by Attorney Claude Jones a charter revision incorporating several minor changes.

3. By the City of Belle Glade represented by City Attorney Baker, two bills proposed (1) continuing the legal boundaries of the city, including areas annexed voluntarily during the past two years; (2) a bill to include the port of Belle Glade and Section 33 in Belle Glade's area of interest.

4. By the East Branch Drainage District represented by Carmen Salvatore and John Roberts a proposal bill to increase the maintenance tax of the district from \$3.50 to \$5.00. A special meeting of the Glades district will be called to confirm that the majority of the owners are in favor.

5. By the City of Belle Glade represented by Mr. E. C. Mapp of Belle Glade suggesting legislation to transfer all racing track revenue to school purposes. A brief discussion devoted to problems.

The turnout of citizens was disappointing as these clinics are held for the public to give everyone an opportunity to voice his or her opinions of proposed legislation. The final clinic will be held in West Palm Beach on March 8.

Demos 'n 6 Deps Vie For Legislature

Site Selection Deferred By Board On New School

The County School Board deferred, on motion of Milton A. Crapner, to the location of the new elementary school on the southeast section, or the northeast section, pending a report by State School Authorities on a survey to be made.

Coastal members raised a question as to the desirability of the northeast section, and the Glades member made the motion for the deferral.

What's your opinion? Talk about, think over it, and let somebody know. Don't wear out the seat until something is done, and THEN below!

Secretary Adams informed Bobby Mathews, attorney that "Articles of Incorporation (Charter) for the Bank of Belle Glade" were registered in his office following approval of the State Banking Commission.

Mrs. Janie Hill has been employed as Secretary-Receptionist and the temporary office at 12 West Avenue A will be opened on Monday, February 25th.

The officials have been notified by the FDIC that application for deposit insurance coverage has been approved, according to Mr. Thomas.

Mr. Thomas further said that "a meeting will be called of the stockholders at an early date for the purpose of electing a Board of Directors and officers of the Bank of Belle Glade."

As of the present the site for the bank building which is being designed by Chester A. Cone, local architect, is a the corner of S. E. Avenue E and Second Street - a firm decision as to the exact site, we are informed, will be made within the next several days.

Junior Rams Wins Glades Tournament

The Belle Glade Junior High School Basketball team recently won the Glades Junior High Tournament in Clewiston. In opening night play Belle Glade defeated Okechobee 18-6, in semi-final play Belle Glade edged by Pahokee 19-18 and Clewiston defeated South Bay 34-32.

In the showcase game, Alan Rabara scored his only 3 points of the game with 20 seconds left on the clock to give Belle Glade the one point victory. In the finals of the tournament the Junior Rams defeated Clewiston 24-17 with reserve finishing the game.

This final victory enabled the team to bring the championship trophy back. Jack Gordon led the team in scoring with a ten point average for the tournament and also led in rebounding. Mickey McGee was valuable as scorer, rebounders and playmaker. Seventh grader, Tarry Mann did a fine job on defense and in rebounding. Alan Rabara and Sonny Campbell rounded out the team. Other members of the team were Jose Ortiz, Ronnie Smith, Jerry McWhorter, and Gerry and George Richardson.

The team was cheered by the varsity coach, Thorell Luke.

William H. Pruitt Is Nominee For Election

Among the candidates seeking one of Palm Beach County's new legislative seats is William H. Pruitt, West Palm Beach attorney, who has qualified as a Democratic candidate for state representative in Group Three.

Pruitt, who is president of the Junior Chamber of Commerce, since graduation from Miami University's law school in 1955, has gained considerable attention for active participation in community affairs - both in his church and civic club as well as in the Junior Chamber of Commerce, member of the Masonic Lodge.

A Marine veteran, Pruitt was called up from the University of Florida during the 1950 Korean conflict. While serving as a corporal, his military leadership won him a member of the commission - an on-the-spot promotion to second lieutenant.

He was released from the Marines as a captain.

Pruitt is 33 years old, married and the father of three children.

His first venture into politics was serving as county campaign manager for U. S. Sen. George Smathers and State Treasurer Ed Larsen, in their successful bids for office.

Though qualifying from Group Three, Pruitt's candidacy will be subject to a county-wide vote during the upcoming special elections.

Gene Moore, III Seeks Election

Among the first candidates to make a bid for nomination in the coming election to fill one of Palm Beach County's two new legislative seats, was Gene Moore III, Lake Okechobee.

Moore, who qualified as a Democratic candidate in Group Four, is 34 years old and has been a resident of Palm Beach County for 24 years.

After graduation from Palm Beach High School in 1946, the Citadel in 1950, Moore received his law degree from the University of Florida in 1953. Since that time he has been a practicing attorney in West Palm Beach and Boynton Beach and has earned wide recognition for his knowledge and experience in the legal field.

He is presently serving as city attorney for Boynton Beach and judge ad litem for the town of Lantana. He is president of the South Palm Beach County Bar Association and is a member of bar associations on county, state and national levels.

Moore has always taken an active part in civic affairs and has participated in their activities won him a Distinguished Service Award for community service from the Junior Chamber of Commerce, an organization he helped found.

An Air Force veteran, he holds the rank of Captain in the USAF Reserve.

With his wife and two daughters, he attends the Presbyterian Church.

Moore said he is seeking election because he feels his legal training and experience, plus a knowledge of legislative procedure, qualifies him to serve as state representative and to fulfill the responsibilities of that office.

Holland Advises-- \$600,000 Hill Burton Fund Grant Okayed For Belle Glade By HE & W

Senator Spessard Holland advised Herman Closs Tuesday by wire that HE & W (Health Education and Welfare Dept.) announced to him that a grant of \$600,000 had been made to the Southwestern Palm Beach Hospital for the construction of a 75-bed hospital, the total cost of which is to be \$1,508,000.

This "wraps it up" financially since all the necessary documents were signed by recently in the Legislature with the Florida Department of Health, on a flying trip by Mr. Thomas, Lee Berryhill and Herman Closs.

Attorney Bobby Mathews has filed a suit in the Court of Claims to recover the \$600,000 from the U. S. Government and confirmed the issuance of said bonds," which, when granted, would make the bonds payable to bond purchasers.

Two jobs in the State Legislature that entitle the holders to prefix "Honorable" to their names, made possible through a mental and physical abortion of the Florida Constitution by unwilling parentage brings about a disregard for the decision of the bosses of the democratic and republican county head men.

By mutual decision, these must be voted on by the entire county, but the ambitions of the job-seekers, supported by a goodly number of ordinary voters, did not like this "back-room" approach.

One proposal to divide the county into districts was apparently acceptable - number the north end of the county, from a point in the northern part of West Palm Beach to Jupiter, No. 2 the Glades; No. 3 the balance of West Palm thru Lake Worth and No. 4, from Lantana South.

All candidates for legislature must be voted on by the entire county, and any candidate from any section may run for entire position.

When the primaries eliminate the "boys" from the "men" then the Democrats will select a nominee for each post to drop out the "cries of anguish" of the ambitious republicans selected.

The final round will be held on Tuesday, March 26th, following the run-offs on March 12th.

There's a choice - good, bad and indifferent; you make it NEXT TUESDAY.

Judy Mary Conway Becomes Bride Of H. Douglas Williams Feb. 16

Miss Judy Mary Conway and H. Douglas Williams were united in marriage Saturday, Feb. 16 at 11 a. m. in St. Philip's Benizi Catholic Church, Belle Glade.

Father Francis X. Fenech performed the ceremony.

Mrs. Williams is the daughter of Mr. and Mrs. Lester Conway, South Bay. The bridegroom is the son of Mr. and Mrs. Joe Williams of Belle Glade.

Mrs. Donald Conway of South Bay was matron of honor. She wore an off white sheath dress with tiny yellow and green embroidered tufts. Her flowers were white roses.

Given in marriage by her father, the bride wore a white sheath dress of ribbon knit lace over taffeta, designed with a rounded neckline and three quarter length sleeves. A flower-crested white headpiece held her short round veil of illusion, and

she carried a white prayer book covered with a white orchid and streamers.

Donald Conway brother of the bride, was best man. Following a reception at the South Bay Restaurant, the couple left on a short wedding trip to Central Florida. Upon their return will reside in South Bay.

Mrs. Rosa V. Cook returned here Saturday evening after spending three weeks visiting Mr. and Mrs. Don Cook in Tampa and other relatives at Plant City.

THANK YOU

We would like to express our thanks to the singer, pallbearers and Rev. Straner. To the people who brought food and the kind neighbors who were so helpful during the death of our love one.

Bishop Hargrave To Administer Holy Communion At St. John's

The Episcopal Church of St. John the Apostle will celebrate this Saturday evening, the Right Reverend William Loftin Hargrave, Suffragan Bishop of So. Florida, making his first Episcopal visitation to Belle Glade since his consecration as Bishop. Many of the parish here knew him for years as Executive Secretary and Canon to the Ordinary of the diocese, and he numbers many friends in the Glades.

Bishop Hargrave will administer Holy Communion at 7:30 p. m. at the parish church, and consecrate a new Chalice and Paten, given in memory of the late young Dick Townsend of the parishioners. Bp. Hargrave will journey to Pahokee to administer Confirmation to a similar class at Holy Nativity Episcopal Church in Pahokee. Following vicar of both congregations, will present the Confirmants, who have completed several months of group inquiries and instructions classes and who will now be admitted to full communicant status in the life of the Church. The public is most cordially invited to attend either service.

OUR SON

Robert Edward, Junior — that's his name. But soon it will be Bobby. And after a while he and I will probably be known as Bob and Little Bob. Funny how you start looking ahead. When I came out of the shop today I happened to notice our sign — the big one with my name on it that hangs over the door. And I thought to myself, maybe someday we'll add: & SON...

But Marje and I know better than that! You can't plan your son's life for him. He's got to make his own decisions, choose his own road.

One thing we have decided for him, though. That he's going to have all the moral and spiritual training a man needs to make right decisions and follow a straight road.

This God expects of us — of all parents. And our church is ready to do its vital part.

Letters to the Editor—Veterans Committee Of 21,832,566

Mr. Luther Jones, Publisher
Belle Glade Herald
Belle Glade, Florida
Dear Mr. Jones:
Last summer the above named Committee of 21,832,566 was founded here in Belle Glade by me for the purpose of seeing if the Veterans of WW2 and Korea could get some of the For-

ein aid that was going to the commies all over the world. I still feel as if the bonus is just. It is also my feeling that more should be done by the Veterans to perpetuate their deeds for all time. We should also remember that it was America that we went to war for. I have asked the United

States Congress Committee on Veterans Affairs to look into a movement by me to charter this committee on a national scale. To do so would be to write all these veterans under one organization for the purpose of not only the question of the bonus, but to make our bonds in a Free America stronger.

If the United States can dish out 62 billion dollars for a few thousand Cubans who did not fight, how about all the American sons who did make it but the HARD WAY? 281,557 died in WW2; 670,846 were wounded. In the Korean war 33,629 died in battle and 157,530 were wounded. Total number serving was 21,832,566. They are the ones that all America should be proud of. A few were service disabled and receive compensation. Many have never asked or were not given that which they wanted. Others wanted schooling but had to raise a family or work to go to attend a school. All these men deserve help from time to time. So let all the men who served know that there will be an organization for them to call on; one that will help. I intend to perpetuate the names of all the WW2 and Korean veterans in this new born committee in their names.

Some people say they got enough. They sure did. Fox Holes and frozen fields to sleep. Hills to take and give away because they ran out of ammo or because that they were told to BUG OFF. This is the GI I'm thinking of. This is the all American boy that gave everything he had for America. Our honored dead shall never be forgotten for they hold a dear place in the divine resting place where the Almighty makes sure they have what they need. It is all living we have to worry about. And worry we should.

On an island named Cuba there is a bearded tyrant who promised the people of his country freedom and a new form of government. They got it. Communism. It goes with communism. Oh but for the grace of the Almighty it could have been our America.

My purpose for this letter is to let everyone know who served his country in WW2 or Korea that there is still someone who cares for them and about them. I myself started this drive and it need be I personally will keep it going until there is a national patriotic response from the United States Congress on the achievements of paid government bonus and other matters that pertain to the Veterans of WW2 and Korea. Yes, we have a veterans bill of rights but not all the Veterans receive the benefits. Some are still waiting to qualify in certain fields that entered. Others failed. Maybe this too shall fail but I will be the last to fall out of line in my drive for perpetuating this Committee on the men I hope will fall in line for what I'm asking. Just remember the United Nations and what they suck out of the American people. 65 million for the blackball 90 miles from our shores. 60 percent of the U. N. fund overseas. 33 percent of the cost of the U. N. and all that foreign aid that is going by without our knowledge. Dave Beck receives \$100,000 a year for being in jail and Hoffa gets

double that from the unions he is supposed to be helping. But not a dime for ALL the men and women that served in WW2 and Korea. Some have forgotten but not this writer. I will never forget.

If there is a man or woman who was a veteran of either WW2 and Korea who wants me to continue in this drive please let it be known. Don't be afraid to sit down and jot me a line and tell me what you think I should do regarding this national drive. I have set to accomplish for you and me. Mothers and Dads... sisters and brothers who the living veterans let us also speak to. My wish of success is in your power to help in this drive. Without you and your sincere backing this movement will not succeed. With it we will be the strongest national organization that the entire United States solely to help one another... all Veterans of WW2 and Korea. Abraham Lincoln failed many times before he came into his own. Let us all fight for such an organization such as what I am trying to establish as a national committee. I know that if enough of us speak out and let it be known that we all want that bonus and that we all want to be remembered as Veterans we are going to have to fight an uphill battle. I'm willing to share my part of this dedicated movements. We ask no handouts. We ask no funds from the members. All we need is support.

Respectfully,
Richard H. Burns, Chairman

Vocational Training For Disabled Korean War Veterans Extended

The general deadline for vocational rehabilitation training for disabled Korean Conflict veterans has been eliminated, according to the Veterans Administration.

The deadline for completion of such training formerly was January 31, 1964, or nine years after being separated from the armed forces, whichever was earlier. L. V. McClelland, Veterans Service Officer, said.

Under terms of a law passed by the last Congress, a veteran now has a full nine years after discharge from the armed forces in which to complete his training, with no cut-off deadline at an earlier date.

Eligible disabled Korean Conflict veterans may receive training, of such character and length as necessary to restore their ability to work, up to four years and in some cases exceeding four years. Before starting their training they must be interviewed and tested by VA counselors to determine their aptitudes and interests, McClelland explained. The training will be at government expense and in addition the veteran may receive subsistence allowances as well as the disability compensation. The eligible veterans may enroll in schools or colleges, take on-the-job training or institutional on-the-job training or enter other programs which combine classroom and on-the-job training.

Your Library

Which category do you belong to? There is something in this group of novels for everyone. TV media fans, eggheads, proponents of the "life is real, life is earnest" philosophy, and most inclusive of all, residents of Florida.

I take this Land. Powell Here, in an entangled cast of players, are portrayed all of the characteristics of the sturdy souls who pioneered Southwest Florida. The author cannot have missed a one. Vitality, a vision of empire, greed, violence, passion, and devotion to the land stand out. Ward Campion, who wins a railroad in a poker game, Joel Emmet, who loses an Orlando orange grove in a freeze, and all else he loves in Okeechobee flood waters, and hunter in the Everglades who fights in vain against encroaching civilization—these, and their feminine counterparts play the roles. The land, never to be fully dominated, is a hero-villain, too. It is a vital, believable story, altogether human.

Death Of A Highway. Swinner ton. The association of two English literary figures is the topic of this novel, glimpsed in retrospect through sixty years of life, now brought to a climax during the single day after the funeral of one of the two. As the plot develops the reader recognizes the alter ego, a bitter attraction and dis-attraction between the men, Curtal, boisterous, earthy genius, and Stanhope, stiff, proud highbrow. The story is woven together neatly, remembered happenings, present reality, mild hallucinations joined in to an effective whole. Good reading, even for a lowbrow.

Tomorrow's Miracle. Slaughter. Only one of a long line of books by Frank Slaughter, this has some moments both in and out of the operating room. It is the story of Benson Ware, physician, and one time faith healer. His intention to become a missionary originates in the scrublands of central Florida, where he grows up the son of a sharecropper, and it becomes the driving force of his life. The two women who love him, and scheming Richard Maynard, the brother-in-law whose life he saves on the operating table, bring suspense and drama to the story. TV should match this up as a sequel to YOUNG DR. MALONE.—By Bunny Carson.

Korean Veterans Eligible For School For 2 Years Still

Veterans taking education or training courses under the Korean GI Bill are reminded by the Veterans Administration that they may have to "crum" or double up classes to reach their goal as the deadline for such courses is now only two years away.

Congress has set January 31, 1965, as the cut-off date for the Korean readjustment program of education and training for veterans without service-connected disabilities.

Most Korean Conflict veter-

ans have been eligible for 36 months of readjustment courses but now 24 months remain before the final deadline, Leonard C. Brown, III, Director, Palm Beach County Veterans Service, Office pointed out.

To be eligible for such readjustment education or training the veteran must have had active service at any time between June 27, 1950, and January 31, 1955. He also must have served at least 90 days unless discharged sooner for a disability incurred in active service.

Eligible veterans may choose their own type of training in any school or establishment approved by an appropriate state agency.

They may enroll in schools or colleges, take on-the-job training, enroll in institutional on-farm training or other programs which combine school and job training or select correspondence school courses.

Veterans will receive an allowance each month to meet part of their training and living expenses.

The first step is to obtain the necessary application forms at the County Veterans Office, Brown said.

Kahn's Rip Stuart And Nolen; Tie For Second

Kahn's Department Store of Belle Glade beat Stuart, U. C. T. 89-47, and then ripped last place Nolen Exterminators 97-46 in the Men's Recreational Basketball League in West Palm Beach. The two wins combined with Sports Town's loss to Halsey and Griffith in overtime, 75-73, put Kahn's and Sports Town in a dead lock for second place in the league standings.

In the win over Stuart Hal Williams paced the scoring for Kahn's with 19 points. Al Cook had 17, and Alvy Early 14. Then against Nolen Monday night, Kahn's controlled both boards and worked a blistering fast break to run up their highest point total for one game this season. Therrell Luke led the list of five that hit in double figures with 22 markers. Alvy Early swished the nets for 16 while Hal Williams hit for 16 and Dale Hilburn and Al Cook each netted 15 in the rout.

Record-breaking threats by the Falcons of a week ago faded a bit in the past week. Their per game scoring average which was a fraction of a point ahead of Riviera's all-time record, slipped to a fraction below, and the Falcons would have to tally more than 80 points in both games this week to crack the mark, and that hardly seems likely. Ace center Frank Saier, although still comfortably ahead as No. 1 scorer in the conference, netted only 34 points in two starts which leaves him 53 shy of the season total record set last winter by Clewiston's Ronnie Robinson, and he still needs 16 field goals to match Robinson's mark in that department.

While the leaders were winning all tests of the week to leave Forest Hill still 2 games ahead of runnerup Palm Beach, Pahokee also was triumphant in three starts to even their season mark and clinch sixth place. Vero moved up a notch as Stuart slipped to ninth spot in the throes of a seven-game losing streak. Lake Worth divided two games to get an edge on Seacrest in their fourth-place battle.

Safety Is Good News

REPORTING THE SAFETY STORY through the nation's press plays a big part in the home, farm and highway accident prevention programs of the 2,300,000 4-H'ers across the country. Here the eight top winners in the National 4-H Safety Program put together an issue of the mythical "4-H Daily Press" to help generate even more safety news. Sitting in as "editor" is Anthony G. De Lorenzo, vice president of General Motors. Each national winner received a GM \$400 college scholarship. In addition, GM gave them and 34 state safety winners all-expense trips to the National 4-H Club Congress in Chicago. General Motors has been 4-H Safety Awards donor since 1953. Left to right are: Sandra Price, 18, St. Francis, Kansas; Gayle Gillen, 17, Sparta, Tennessee; Jewell Yordy, 21, Meigs, Illinois; Bobby Coder, 18, Forest, Virginia; Jeanette Arbura, 18, Bakersfield, California; Mr. A. G. De Lorenzo; Leeland Alexander, 17, Okmulgee, Oklahoma; James Lowe, 17, Morrisville, Colorado; and Phyllis Brooks, 18, Auburn, Massachusetts.

GIRL SCOUTS

On Thursday, Feb. 14, Girl Scout Troop 264 met at Jannison Hall. Later the group went to Ina's Beauty Salon, where Ina and her staff gave talks to the girls on hair styles and good grooming practices.

As part of the program Ina let the girls draw numbers and the lucky number received a free shampoo and set.

Azalea Festival's Official Hostess

Vivacious Carol Kendall, recent winner of the Miss Palatka Contest, will be the official hostess for the 17th Annual Azalea Festival to be held March 1 and 2. The event is sponsored by the Palatka Jaycees. This beauty pageant is one of the most popular in the state, drawing girls from nearly every major city in Florida. Carol is 5 feet 4 inches in height, 106 lbs. and her vital statistics are 35-22-35. This year's festivities will cover three days. The main attractions will be the talent contest Friday, the parade of beauties Saturday afternoon followed by the Azalea Ball Saturday night. The Beauty Pageant itself will be held at 2:30 p. m. Sunday in the Palatka Ravine Gardens.

Faye Emerson To Star in 'The Matchmaker' at Poinciana Playhouse

Thornton Wilder's immortal side-and-see farce, "The Matchmaker," starring Faye Emerson as head matchmaker, will have a week of hilarity at Frank J. Hale's Playhouse in Palm Beach beginning Monday, February 25th and playing through Saturday, March 2nd. Supporting Miss Emerson will be the sterling cast of Christopher Hewett as Malachi Stock, Leon B. Stevens, Ann Folger, Remak Ranney, Jerry Dudge, Mary Harrigan, Elwyn Harvey, Jacqueline Hyde and Philip Casack. The production is directed by stage and television director Jack Sydow, and costumes are executed by David Carter. Settings and lighting are by Leo B. Meyer. "The Matchmaker," a rewritten version of Wilder's earlier play, "The Merchant of Yonkers," was produced on Broadway by David Merrick and the Theatre Guild in 1955, and as everyone knows, was a highly successful motion picture, starring Shirley Booth as Mrs. Levi.

UNCLE DAN from DOOLIE says:

Dear Mister Editor:
You will recollect that here awhile back the fella's at the country store was in favor of reducing each state to one Senator and cutting the House members in half. It was figured that this move would pay off the national debt in about 10 years.

Well, Mister Editor, I got some powerful new fodder for this campaign. It is a well known fact that Senators and Congressmen has got to get votes, and to get votes they got to spread the gravy on pretty thick back home. The fella's has just been released on how thick the gravy is getting.

The item I got here says that in 1952 we had 2,538,390 civilians working in Government offices. This is a increase of 46,045 over 1951 and this is estimated that in this year of 1963 the number will go up another 20,000. This piece says it is now taking over \$14 billion to pay these Government workers.

Congressman Earl Wilson of Indiana, says when he was elected to the Congress 20 years ago, he was in a state of shock the first week from watching Government secretaries polishing their nails, reading movie magazines and writing letters to their boy friends. And he says it is twice as bad now. He claims that today, in addition to all them other things, they are busy working cross-word puzzles, walking around in the halls with transistor radios hung around their neck and some of 'em is even

knitting sweaters. It looks like the gravy is getting too thick to stir and about the only way the taxpayers can thin it down a bit is to thin out the Senators and Congressmen.

Furthermore, I see by the papers where, while the Congress was adjourned, we had 27 U. S. Senators, and Congressmen some of 'em defeated in the election, taking tours at Government expense. They call 'em "fact finding" trips, but it seem they has to take their wives and relatives along to help get the facts to the North.

And I have took note, Mister Editor, that right now during the cold weather, most of the facts that need finding out about is to the South where it's warm. In the summer time the fact shifts to the North.

Senator Harry Byrd said last week that the 46,045 civilian workers the Government added last year cost the taxpayers \$257 million extra, and that the 20,000 they was figuring on adding this year would cost them about \$112 million. That's mighty hard on the taxpayers but I reckon it's good for the transistor radio folks.

We got a heap of fine and honest men in Washington, and I got some that ain't so fine. The fella's at the store is maintaining that if we cut the number in half, we can keep a better watch on which is which.

Yours truly,
Uncle Dan

Four different ways to make going more fun than getting there

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the Jet-smooth Impala Sport Coupe, the Jet-smooth Nova 400 Sport Coupe, the Chevy II Nova 400 Sport Coupe, and the Corvair Monza Club Coupe.

will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, Corvair—now in two all-new versions with looks that can stop traffic, like a rush-hour blizzard. Picked your favorite already?

The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!

Last week at our regular "Ecstasy Growers' Coffee" by Harris, of the Everglades Experiment Station, brought at a very interesting point in the control of Corn Ear Worm and I am going to quote his recommendation here: "For spray, use DDT at 4 quarts of 50 percent Emulsion Concentrate per 50 gallon spray per acre, or Sevin at 4 pounds of 50 percent wettable powder per 50 gallon spray per acre. For dust, use 10 percent DDT, or 10 percent Sevin, or 2 percent parathion at 10 percent parathion. At this time of year either a spray or dust program should be started the day after silk appears and application made every other day until silk dries out, or up to 2 days of harvest."

"About mid-March, dust programs should go on a daily basis and about the first of April, spray programs should go on a daily application basis." The interesting point here is the difficulty of obtaining control of Corn Ear Worm as the weather warms up and the insect activity increases. Just another problem the farmer has in providing the consumer with top quality insect-free corn for his table.

Dr. W. T. Forsee announced he would give May 9th for the Annual Vegetable Field Day at the Everglades Experiment Station. The program will consist of discussion of research results of the year, in the morning, with a tour of the vegetable plots during the afternoon. Other Field Days set and announced were: Potato Investigation Laboratory, Hastings, Florida, Thursday, March 28th; Zephyrus Sub-Station, Zellwood, Florida, May 2nd. More about these Field Days later as the programs are announced.

For the Home Gardener: Just a reminder: when you start your spring pruning. Where pruning cuts are as much as one-half inch in diameter, or less it is advisable to apply a wound paint. This should be an especially prepared paint containing a fungicide. These paints are available from your garden supply dealer already prepared. The branches pruned off, as a result of a dieback, should be destroyed.

We have noticed the growth of Amyris and want to caution gardeners about the disease of Amyris.

Reapportionment Is It True?

By Hon. Emmett Roberts.
Re-apportionment is a subject many of Florida's citizens have grown tired of hearing about. It has been accomplished to a degree by the acceptance of the statute passed by the Florida Legislature on Friday, February 1st, by the Federal Court in Miami last Thursday.

Under threat of the Federal Court to reapportion the legislature since last summer and after meeting in three special sessions at a cost of better than \$600,000 a year, 41 members of the 122 member House of Representatives plan was passed. The plan was passed by the House of Representatives on Friday, February 1st, by the Federal Court in Miami last Thursday.

called "Red Blotch" or "Leaf Scorch." You may notice red areas or blotches on Amyris leaves, particularly as flowering time approaches. Red Blotch can be a very severe disease of the plant. The disease is often hard to distinguish from mechanical injuries and insect damage. Probably the best diagnostic characteristic is that the disease always has a distinct line between healthy and infested areas. Also, where the disease is severe enough, the leaves of flower stalks attacked by the fungus are bent and deformed at the point of attack. Often, when quite small, the leaf spots are raised, but when older and larger, they may even become depressed. The best control for the disease on the leaves is to spray or dust with a copper fungicide. It may be necessary to treat several times during the disease under control.

Speech-Talent

Program Feb. 26

The English Department of Belle Glade High School announces a talent program of dramatic and humorous enactments to be presented Tuesday evening, February 26, at 7:30, in the school auditorium.

The occasion should be a highly entertaining one with promising young actors such as Wayne Wood with his rib-tickling excerpt from the famous "Arsenic and Old Lace," Barbara Wolf and her somewhat demented "Elnora," Becky Hill and her hysterical enactment of a World War II scene, Tyra Lee with her "Glass Menagerie," and Mike Berryhill with his "Tell Tale Heart" straight from the pen of Edgar Allen Poe.

Student participants will be judged on both their talent and their ability to captivate their audience. Those with most favorable ratings will then represent the high school in the Palm Beach County Speech Tourney next month.

200 Scholarships For Stammerers Announced

The Emery Institute of Winter Park, a school for correcting stammering, announced yesterday that 200 free home study scholarships are available to Florida junior and senior high school students.

Emery said the basis for awarding the scholarships is individual desire to correct stammering and stuttering. The program is made possible by donations from many businesses and individuals throughout the state. The course consists of 10 lessons. A lesson is mailed every two weeks to home study students. Reports are then given the institute by the student.

Schools throughout the state have received scholarship applications. Stammerers and senior high schools can obtain further information by writing the Institute, Box 387, Winter Park.
